

THE TOP TEN

Top Ten Things to Think About Before Visiting Campus...

College visits are a great way to learn about campus life, get your questions answered, and to get excited about attending college someday. To get the most out of this trip, we ask that you please observe the following guidelines:

1. Be on time for all sessions!
2. Be considerate of each other and those that you meet during your visit.
3. Remain on campus during the entire program and attend all sessions.
4. Ask questions so you can learn as much as possible.
5. Please wear nametags while visiting campus if they are provided.
6. Be respectful to workshop presenters, tour guides, and other campus members.
7. Keep all personal items (headphones, toys, basketballs, backpacks, gameboys, cell phones, Walkman/Discman, etc...) on the bus.
8. Do not bring food or beverages to workshops, classrooms, or activities.
9. The use of controlled contrabands (alcohol, drugs, tobacco, etc.) is considered a serious offense and appropriate action will be taken. Discipline may range from a letter home to parents to immediate departure from campus.
10. Enjoy the beautiful surroundings and what the campus has to offer you!

Remember that you are a guest while on campus. Please set a good example as your behavior will determine if your school and/or other schools will be able to go on campus visits in the future.
